Introduction to programming

Pierre Aboulker

Maître de conférences, Département d'Informatique ENS

Tatiana Starikovskaya

Maître de conférences, Département d'Informatique ENS

Organisation

- All materials, announcements, and the calendar will be available on <https://moodle.di.ens.fr/course/view.php?id=5>
- Please register now and give the e-mail that you use!
- To use the computers, you must have an ENS account, Jacques Beigbeder will create one for you now

Organisation

- Two groups, one in French (Pierre Aboulker), one in English (Tatiana Starikovskaya)
- Classes run in parallel, materials are available in both languages
- You can choose any of the groups, but try to make the groups of approximately equal size

Organisation

Classes 1-7: Lectures + exercises

Classes 8-11: Project

- Apply your knowledge to processing real data
- We will be there to help!
- Your note for the project = your note for the course

Class 12: Defence

Let's start!
