- Important announcements, etc.

Obligatory: Sign up with your clipper account (if you do not have one, let us know)
Teachers

Pierre Aboulker
Maître de conférence ENS, Algorithms team

Tatiana Starikovskaya
Maître de conférence ENS, Algorithms team

Offices: Staircase A, 3rd floor
Course Organization

- 2h **lecture** weekly (Thursday, 8:30-10:30), room U/V
- 1h30 **exercise session** weekly (Thursday in English or Friday in French, your choice), 10:45-12:15, room U/V
- 4 **Homeworks** (theoretical questions + programming exercises), 30% of the final grade
- 3-hour **final exam**, on January 16 from 9:00 to 12:00 in room U/V, 70% of the final grade
Most of the course relies on “Introduction to Algorithms” by Thomas H. Cormen, Charles E. Leiserson, Ronald L. Rivest, and Clifford Stein (CLRS).

- Corresponding chapters are marked in the course summary.
- Some lectures go beyond this textbook, marked with a *.
Language

- Thursday’s exercise session is in English
- Friday’s exercise session is in French
- We speak both English and French, you can use either in homework, exam, Moodle interactions, etc., indifferently
- Most course materials are in English
